Key ways to ensure your team is prepared:

- Check the grouping lists before the draw
- Respect deadlines and entry times
- Check info boards and team boxes before and after each training/competition
- Pick up start numbers as early as possible

Key things to ensure with your athletes:

- Athletes arrive early enough for material control and to the start zone
- Athletes are wearing start numbers, leg numbers and transponders when they enter the start corridor at least 2 minutes before their start time.
- DNF – did-not-finish procedure. Return transponder and start number to IBU or OC official as soon as possible and do not cross timing points with the transponders.
- Be ready for anti-doping control – bring your passport or picture accreditation!!!
- Be prepared for flower ceremony with bib and competition equipment.
